EXPLORE

[TASK ID – 0004E001]

MAKE A TUTORIAL VIDEO FOR FIREFOX

DESCRIPTION

- For this task, you have to make a tutorial for how to use Firefox web browser. You can use any screen recorder which you like. You can add text or voice to explain. You can use English or Sinhala. Finally, you have to save your project in Google Drive and send us a link of sharing through an email [bits.acicts@gmail.com] using form in the main website. Send us the links for your GitHub account (optional). Surf on Google and use BITS-Help page for more help.

STEPS

- Make an account on Slack if you haven't. (optional) [https://slack.com/]
- Design a tutorial video.
- Upload it to Google Drive.
